The Purpose of the Arts Council

To increase the interest of our community in the arts, to assist all who wish to make an artistic contribution, and to bring the artist and the community-at-large together in a mutually beneficial relationship. To develop, promote, and coordinate the arts at the community level as an expression of Harrington Park’s talents, needs, resources, and aspirations under the auspices of the Harrington Park Historical Society.

Why a Partnership of the Arts & History...

Partnerships enable organizations to share resources, both people and monetary, develop innovative programming and reach new audiences.

They facilitate the development of cross-disciplinary programs when working with visual and performing arts organizations and others.

About Us

The Arts Council and the Harrington Park Historical Society enrich the quality of life for people in Harrington Park and neighboring communities by raising funds for the arts, advocating for the arts, sponsoring events in conjunction with other arts organizations, providing educational opportunities, and strengthening cultural resources.
