**Lt. David Haenelt, Englewood Fire Department**

PAH thanked everyone who was present which included several neighbors from Ehret Avenue, HP Volunteer Fire Department and Englewood Fire Department. PAH explained the circumstances that included Lt. Haenelt driving to the airport while off duty to attend training. He passed a burning home in Englewood and helped the residents' and their pets to safety. Once Englewood's fire department responded, he left the scene to make the flight for his class.

Fire Chief (Englewood) stated that Lt. Haenelt is 100% committed to his job as a firefighter. PAH added that so many times negative aspects of employees or volunteers come to light. However, he has always been a proponent of emphasizing the positive aspect of municipal employees and volunteers that go beyond the regular course of business.

PAH Thanked the Lt. Haenelt's family for all their sacrifices and positive support. The Bucceroni family thanked Lt. Haenelt for his service to Englewood, but also how caring he is as a Harrington Park neighbor. He was quite helpful during this past winter while Mr. Bucceroni was recovering from an accident.

*Certificate of Commendation*

**WHEREAS**, on April 21, 2015, at 7:15am, Harrington Park resident and Off-Duty Englewood Firefighter *Lt. David Haenelt* was on his way to the airport for fire training in Indianapolis; and

**WHEREAS**, *Lt. David Haenelt* spotted flames from a home on West Street in Englewood, New Jersey, and

**WHEREAS**, *Lt. Haenelt* immediately rushed to the home and helped seven people and their dog to evacuate the building; and

**WHEREAS**, *David Haenelt's* actions allowed time for the Englewood Fire Department and first responders to fight the fire and help the residents with their injuries; and

**WHEREAS**, the blaze was under control by 7:45am and *Lt. David Haenelt* was able to make his flight to attend fire training.

**NOW, THEREFORE**, let it be known that *Lt. David Haenelt* has played such an important role in saving the lives of area residents, and their pet.

**BE IT FURTHER UNDERSTOOD**, that the Mayor and Council extend our thanks and appreciation for his concern and actions as an Off-Duty Firefighter for the City of Englewood and joins the many residents of Harrington Park

that extend their caring for fellow residents beyond the scope of their job and community.

**(JP) Mr. Kunjesh Trivedi-Capital Budget Discussion**

KTJ would like to present a Bond Ordinance for Capital Improvements and Equipment at the June Meeting. He has asked Department heads to present their requests.

Mark Kiernan, DPW Superintendent requested a new small mason dump truck to be used for snow plowing, electronic pick up and general use. Right now when it snows, he is short one vehicle for the amount of drivers. He currently depends of Norwood to borrow a truck (if one is available). In the past, we hired two outside companies to plow, so it was not an issue. However, about 5 years ago, Council chose to eliminate one of the outsourced plowers, which creates a problem for the department. The vehicle is approximately \$66,000. (State contract price).

PAH added that MK keeps the equipment for his department a very long time. He still is using a truck that is almost 30 years old.

ALB explained the paving information which covers two NJDOT grants for 2015 and 2016.

Fire Chief Doug Roem requested the following gear to replace existing items that are no longer considered up to code:

Helmets (many taped together), Turn out gear (not enough for entire department), Pants and Boots (sizing issues and new technology), Masks (cheaper to buy new than repair old), and a variety of electronic gear and lighting (new technology and replace items that are unusable).

Chief Roem explained that our Department has grown in size and we are fortunate to be one of the only towns that can have a full response crew at any time.

Truck repair parts were also requested. The ladder truck is almost 30 years old and parts are becoming scarce. He would like council to consider bonding for another truck to replace this one-\$850,000.

Much of the equipment the Fire Department owns is in good shape but has become outdated and obsolete. The Department is capped at 60 members and currently has 47.

DR reminded Council that the organization is volunteer. Two members are flying out to Colorado to attend CSX evacuation training on their own time. DR hates to turn away those that want to volunteer for the Department. Training by the County is free.

PAH thanked those representing the Fire Department for all they do. DR thanked Council for their support.

Chief Maalouf requested funds to repair the Police Building exterior and sprinkler system. Funds also requested for either body cameras (preferred) or car cameras. AM is waiting for a directive from the State. Discussion followed explaining the differences and why body cameras were preferred. Even though body cameras would have to be turned on the officer, they are beneficial when police have to

enter areas when not in the vicinity of their vehicle. Whichever was decided, the Chief would follow the Attorney General's guidelines.

Police Accreditation - JIF will refund \$25000 of the entire cost (\$50,000.) Over the next years there will be a deduction in the Borough's insurance policy. AM described the process. KJT budgeted \$10,000 to start the process this year. It is a labor intensive program and all training is computer traced and recorded.

Mr. Trivedi reviewed the amount that the Council can bond for which is up to \$28,000,000.

Fixed Asset inventory for 2014 has been completed

Corrective Action Plan for 2014 Audit will be presented at the June meeting  
Estimated Tax Bills will be mailed out in July to enable continuity in paying our commitments. After the County determines exact rate, adjusted bills will be sent out for the November payment. It would cost about \$1500 but it would save additional paperwork and time. This is a practice that is followed by more than half the municipalities in New Jersey.

User Friendly Budget has been posted in the required time.

Patricia Duggan, Carlton Lane

Council should consider community service for school children to clean up our parks rather than the DPW.

Rev. Diane Rhodes (in audience) agreed-she gets many phone calls for community service.

JC will contact Teens for Tomorrow

MRUT has spoken to Ms. Nitzberg at the school and requested the same and was denied.

**(GE) Findings of Traffic Study-Highland Avenue**

Chief Maalouf distributed Officer Miller's traffic study and recommendation to Council members. It addresses the inquiry into the amount of traffic on Highland Avenue, how the road way was monitored, over the course of approximately two weeks, particularly in the morning 7am-9am and the afternoon 4pm-6pm.

Recommendations include further investigation by Officer Miller to determine an answer specific to this particular location. Police Departments from neighboring towns with similar problems were contacted, but the Harrington Park situation was determined to be unique. Officer Miller suggests the adoption of a traffic ordinance that would restrict traffic and allow for enforcement. No turn signs can be posted with appropriate restrictions such as no turn during particular times but without enforcement capability this may be a limited solution. With just signage placed at the corners, only a deterrent from some of the traffic may be the result, but not a solution to the problem. However, this visual deterrent may quell some of the traffic issues.

Discussion followed regarding what is local traffic and if this is really a solution to an ongoing problem. JP would like to see something happen; it could only help the situation. Even though Livingston is a County road, the signs should be posted and then we can see what is determined later.

Commercial traffic needs to have a weight limit which is higher than busses or landscape trucks/trailers.

Chief will have a final answer in June.

Glen Avenue will have signs posted for NO PARKING 7:30am-8:45am and 2:30pm-3:30pm. Cars are blocking the width of the road making it difficult for vehicles to maneuver.

**Crossing Guard Corner of Lynn Street and Harriot Avenue**

Several years ago, Council removed the crossing guard by OLV Church. This effort to save money, has on occasion left children and parents crossing the busy road unattended. Normally, this officer would not leave the position unless there was a life-threatening incident that needed more than one officer to handle.

AM is requesting that he be able to hire additional substitutes since the current ones have limited availability, and hire 1 full time crossing guard for the location by OLV Church (Harriot Avenue).

JC stated that Harriot Avenue is a very busy street, and the additional crossing guard would be beneficial.

JC inquired into a request by a George Street Resident. Earlier this year he requested consideration of a speed bump to reduce the speed of the traffic on George Street. He has offered his property to locate the speed machine. Chief Maalouf responded that in the past, the speed machine had been utilized and calculated the majority of vehicles driving no more than 30 miles an hour. The road is 25mph, he would not have his officers write a ticket for going 30mph in the area, if contested, it most likely would be over ruled by the judge. AM offered the resident to ride with him or another officer and help- them track the vehicles as they drive down the road. On streets such as George, cars may appear to be going faster than they actually are.

### **New Business**

ALB- informed MRUT that she has sent copies of requested information regarding recycling (DPW Report) to the Green Team and Environmental Commission.

JC announced that the Recreation Fishing Contest is scheduled for June 21 from 12-2pm at Pondsides Park.

## **ORDINANCES AND RESOLUTIONS**

### **(PAH) Mayor's Report**

Spoke at the CSX Rally in Teaneck on May 17, 2015.

There was a variety of speakers with different views which included everything from constructing pipelines to laying down on the tracks to stop the train traffic. There has been a significant reduction of speed as the trains travel through the Borough. The residents may hear the train horn more, due to the slower speed, but safety trumps noise, at this time. There are now CSX security vehicles in our area daily, checking the quality of the tracks and watching the trains.

Memorial Day Parade is May 25, 2015 at 9:30pm.

May 7, 2015 attended the 100<sup>th</sup> Anniversary of the NJLM and the Retirement of William Dressel who has worked with the organization for over 40 years.

May 20, 2015 Riverside Cooperative will supply the bid results for the 2015 road paving program.

May 21, 2015 is the JIF Executive Board Meeting.
